

SJ ONE

PROTECTED ROLLERS SINGLE JET METER

SJ ONE is the ultimate single-jet meter expression. Thanks to its mechanical transmission, it offers high metrological performance and is insensitive to external magnetic fields. Its "protected rollers" solution, first developed by Maddalena, ensures perfect legibility over time. Compact, and robust is suitable for the most challenging environments. It can be equipped with the latest remote data transmission technologies.

SJ ONE

FEATURES

- Protected rollers single jet meter for cold water
- Ideal for utilities and outdoor installations
- MID-certified: HR 315
- DN: 15÷25
- Health certifications available for a number of countries
- Mechanical transmission unaffected by external magnetic fields
- Mineral glass lens
- Supports various installation positions
- Ready for optional reed switch (1P=1-10-100-1000L) or static pulse emitter (1P=1-10L)
